

**WELSPUN GUJARAT STAHL ROHREN LTD. is now  
WELSPUN CORP LTD.**

**29 April, 10, Mumbai:** Welspun Gujarat Stahl Rohren Ltd. the flagship Company of Welspun Group unveiled its new global corporate identity as **WELSPUN Corp Ltd.**

**REASON FOR THE CHANGE:**

Since its inception, Welspun have been keeping pace with changing times in its journey towards excellence. The Group is constantly evolving and responding to the dynamics of the market – be it its relentless pursuit to keep up with latest technology, servicing the World’s largest Oil & Gas and retail Companies or continuously innovating with the highly talented workforce.

In the last 3 Months, further to internal research, brainstorming and consultations, it was realized that words GUJARAT and STAHL ROHREN (meaning ‘Steel Pipe’ in German) are no longer relevant in today’s context. Also the name is not contemporary and do not represent the Company’s International reach and multitude businesses - current or future:

- Backward integration of Steel Plates and Coils
- Oil and Gas Exploration
- Foray into Infrastructure and Energy business

The new logo embodies Welspun’s global reach of each business under this umbrella. IT additionally reinstates the commitment of the Company to achieve utmost customer satisfaction by understanding the needs of global markets that it operates.
